INTRODUCTION

The Santa Ynez Basin Western Management Area Groundwater Sustainability Agency (WMA GSA) is a Joint Powers Authority (JPA) formed to effectively implement its Groundwater Sustainability Plan (GSP) in compliance with the Sustainable Groundwater Management Act (SGMA). The WMA GSA is seeking Statements of Qualification (SOQs) from qualified individuals and/or firms to provide Executive Director of the GSA services as an independent contractor.

BACKGROUND

The WMA GSA JPA includes the Santa Barbara County Water Agency, the Santa Ynez River Water Conservation District, City of Lompoc, Mission Hills Community Services District, and Vandenberg Village Community Services District. The WMA GSA became a JPA on November 28, 2023.

The Santa Ynez River Valley Groundwater Basin is designated as a medium-priority basin and is subject to SGMA. Public agencies in the Basin created three GSAs representing the three main areas of the Basin (Eastern, Central, and Western Management Area). Groundwater Sustainability Plans (GSPs) for each management area were submitted to the California Department of Water Resources for review in January of 2022. All three GSPs were approved by DWR in January 2024.

PROJECT SCOPE

The successful firm or individual will enter into a contract with the WMA GSA. A more detailed scope of the work will be approved by the WMA GSA Board in consultation with the successful firm/individual for this RFQ, but would include, but not be limited to, the following:

1. Perform administrative and management duties in the capacity of Executive Director for a public agency acting as a WMA GSA;
2. Oversee implementation of the approved Groundwater Sustainability Plan and Projects for the WMA GSA. Coordinate with the two other GSA's in the Basin.
3. Prepare agendas for meetings of the WMA GSA Board of Directors and any regular committees, attend and administer those meetings, and prepare minutes of those meetings serving as or working with the Secretary of the WMA GSA. Currently the WMA GSA Board meets monthly on the 4th Wednesday of the month at 2:00 p.m. in Lompoc, CA. However, this could change to quarterly meetings;
4. Coordinate with other consultants retained by the WMA GSA, including legal counsel and technical consultants performing studies and/or projects for the WMA GSA;

5. Serve as or work with the Treasurer of the WMA GSA to provide financial information to the WMA GSA Board;
6. Secure other services needed by the WMA GSA, such as insurance; bookkeeping, Certified Public Accountant; web-hosting;
7. Communicate with landowners and groundwater producers within the WMA GSA, staff representing member agencies of the WMA GSA, and other interested parties, as the principle point of contact for the GSA, and provide communications to such stakeholders as directed by the WMA GSA Board;
8. Facilitate regular (monthly) meetings with WMA GSA JPA member agency staff representatives.
9. Participate in basin-wide staff and board meetings.
10. Other activities as directed by the Board of Directors.
